

vivopay[®] PISCES

Semi-Integrated PIN Pad

The ViVOpay PISCES is an EMV Contact, Contactless/NFC and MagStripe semi-integrated payment solution ideal for countertop environments.

The PISCES is easy to integrate as it takes advantage of an existing and proven common Contact EMV L2 kernel. The Contactless portion is backed by the ViVOpay brand which has the largest Contactless deployment world-wide.

The PISCES modern and ergonomic design includes a 3.5 color LCD with signature capture capabilities. The product could easily be synced with a host device for a complete payment solution. PISCES will support all the major payment brands as well as the latest mobile wallets and loyalty programs.
